I. O. O. F. GRAND MASTER PAYS AN OFFICIAL VISIT

On Friday night last, Grand Master W. B. Burnett, of Lethbridge, paid an official visit to The Pass lodges at a mass meeting held in the local hall. The meeting was well attended by members of Bellevue, Coleman and Blairmore lodges, as well as a number

from Cowley, Fernie and other Oddfellows' lodges.

Following the meeting the Rebekahs entered and served luncheon, during which speeches and recitations were given.

No less than thirteen deer hunters lost their lives this season in the state of Maine through accidents.

ELECTORS MACLEOD RIDING:

At a convention of the Liberal Party regularly convened at Blairmore on the 21st instant, I was chosen as Liberal Candidate in the approaching Election.

This honor was not sought by me, and it may be that I am unworthy of it. Nevertheless, I believe that there are enough of you opposed to autocratic and irresponsible Government, as well as to the class aspirations held by my Progressive and Labor friends, to elect me.

In August, 1919, I assisted at Ottawa in formulating the policy of our Party in tariff and other matters, as well as in the choice of Hon. William L. Mackenzie King as our Leader. This policy I am prepared strictly to adhere to, as I am prepared to support Mr. King in putting it into operation and effect.

It is quite obvious that I cannot meet most of you before December 6th. I must, therefore, adopt this method of requesting your support. When I am elected you will not be subject to the absent treatment which you have had from your representative since 1917.

If you believe in class aspirations you should certainly support one of my three opponents. In so far as Mr. Shaw is concerned I need only say that he is the Candidate of the Meighen Government, the "guide, philosopher and friend" of the monied interests of Canada. Mr. Coote and Mr. Fairhurst are respectively Candidates of the Farmer and Labor groups. My sole purpose and object, when elected, is to serve Macleod Riding without regard to the race, class or creed of its constituents.

No Candidate in this Election, so far as I am aware, is advocating the entire abolition of tariff duties. Certainly the Liberal Party is not doing so. Its objects is the elimination of the principle of Protection with due regard to the revenue necessary to meet our financial requirements, which are for the most part, the result of the War. For my part, I feel that no industry which cannot openly meet its competitors without tariff favors should be protected at the expense of the people. First aid in accidents or illness is often effective in restoring the health of the patient, but it would seem that the party led by Mr. Meighen believes in its continuous application, whether the patient is restored to health or not.

If elected to support Liberal principles and policy I shall deem it my certain duty to advocate your needs. I repeat that I shall be the representative of no particular group or class, but you can rely upon me to represent you with the utmost sincerity and devotion to your interests in this Riding. More than this I cannot promise.

There can be no question but that the Liberal Party will be in control of the Government of Canada after this Election. With this evident fact in view I can say no more in the space and time at my disposal than that, in victory or defeat, I shall remain,

Your servant,
J. E. GILLIS,
Liberal Candidate

ONLY COUNCIL AT ANNUAL MEETING

No better proof of the interest taken by ratepayers in the affairs of the municipality as handled by those placed in office by them, could be had than the fact that the annual meeting advertised for Monday night last was attended by only the council.

Now, it is not very pleasant for even a councillor to put up with criticism throughout the year and then find absolutely no interest manifested by the ratepayers at the close of his term of office.

Despite this fact, the council of 1921 have established the best record since the incorporation of the town.

WHERE TO VOTE

We understand that Blairmore will have four polling booths in connection with next Tuesday's election. One will be located at Gushell's new photo studio, at which residents of the Pelletier Addition will vote; another for West Blairmore will be located in the store next east of Up-ton's tailor shop; while two at the rear of the Cosmopolitan hotel will serve the central part of the town.

Mrs. Fulton, who has been very ill, is somewhat improved today.

NOMINATIONS NEXT MONDAY

Nominations for councillors and school trustees will take place on Monday next at the usual hour.

There will be three vacancies to fill on the council and two on the board of trustees, Messrs. L. Dutil, chairman, and W. A. Beebe, retiring.

THREE COLEMAN CITIZENS TO SERVE THREE MONTHS

Several cases against Colemanites for infractions of the famous liquor act were concluded at Coleman last week end, when three well-known citizens were sentenced on second offence convictions to three months at hard labor. Their bodies were removed to Lethbridge on Friday night, while their wives and children mourned their loss.

Another party was found guilty on first offence and paid a fine of \$250 and costs.

Magistrate Gresham rendered judgment in the case of "Angelo," a servant of the tribe of Picariello, requiring a fine of \$150 and costs. We understand that a protest will be registered in behalf of the victim.

Mrs. K. K. Goode, of Crow's Nest, B. C., was in town today.

Wisdom Of Limiting Land Armament Is Considered Doubtful

Washington.—When the arms delegates quit work for the Thanksgiving Day recess the following three considerations embraced the central points of interest in their discussion:

Whether the effort to apply generally accepted principles to specific cases in the Far East would bring definite accomplishments or only lead to futile debate.

Whether, in view of the position of France and the general situation in Europe, any serious attempt should be made to arrive on a limitation of land armament.

Whether a way can be found to hasten consideration of details on the naval limitation plan, which is proceeding smoothly, but too slowly to satisfy some of the delegates. Of these questions the first was brought sharply to the fore by several direct clashes of opinion regarding elements of the Far Eastern negotiations. At the executive session of

the nine delegations, the right of the Chinese delegates to speak for the Chinese delegates was reported to have been questioned by France, and a British interpretation of the general principles already adopted was challenged by some of the Chinese.

Earlier in the day the land armament problem had been debated behind closed doors by the delegates of the big five powers, without further result than the appointment of a subcommittee to consider collateral subjects like the use of airplanes and land mines.

Premier Briand, of France, making his farewell speech to the conference, pressed his argument that his country dared not disarm unless he had guarantees from the other powers, and although the general discussion drew renewed expressions of sympathy from every other national group, no one proposed any formal joint declaration of policy.

FORTY MILLION BRITISH CONSUMERS DETERMINED EMBARGO MUST GO

Toronto.—Hon. Manning Doherty, Minister of Agriculture for Ontario, declared that neither the English council of agriculture nor Sir Arthur Griffin Boswell, British minister of agriculture, nor any ministers in England can prevent the lifting of the Canadian cattle embargo.

"Nothing can stop the demand of the forty million consumers of the

British Isles who are determined that the embargo must go," Mr. Doherty added.

The Ontario minister of agriculture's remarks were based upon a report that the council of agriculture in England by a vote of 17 to 12 adopted a resolution pressing the British Government to maintain the regulations providing for slaughter of cattle at the port of entry.

Club Thrown At Prince In Bombay

Vancouver.—A special cable to the Vancouver World says that while the Prince of Wales was entering a building in Bombay a club was thrown at his head by someone in the crowd of spectators. The missile missed its mark and the Prince passed into the building unhurt. A great crowd had assembled to witness the visit of the arrival for the ball, which was being given in connection with the Prince's visit to Bombay. The assailant, so far as cables indicate, in the confusion which followed the attack.

Teachers Demand Wage Increase

Immediate Action Must Be Taken In New Westminster

New Westminster, B.C.—Seventy-four teachers in the high and public schools here have their resignations ready to present to the board of school trustees unless that body puts into effect the award of the board of arbitration of last May approving the scale of wages sanctioned by the Teachers' Federation. The award means an increase in salaries for the teachers, but the board has refused to comply. The resignations would take effect the first of the year. The teachers held a meeting recently at which this line of action was approved.

Lloyd George Sends Regrets

Sorry He Cannot Attend Annual Dinner of Canadian Club

New York.—A letter received by President Albert Oliver of the Canadian Club of New York from E. L. Stevenson, secretary to Mr. Lloyd George, expresses the regret of the British Prime Minister that he will be unable to address the club at its annual dinner.

In the event of his being able to come to the United States, the Prime Minister's message runs, "he fears that the time at his disposal will be very short and will have to be devoted entirely to the work of the Conference on Limitation of Armaments."

Words Not Enough Says Kipling

Action Must Be Taken Against German Danger

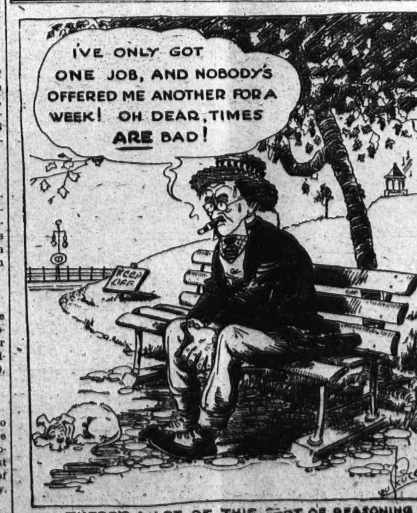

Paris.—Rudyard Kipling, when asked by the Belair for his opinions of the Washington Conference, replied that the speeches were of no avail. There must be acts guaranteeing security against the German danger.

Kipling declared it was to the interest of Great Britain and France to remain closely united to face Germany, the common enemy.

Shipyard Workers Killed

Victims of Bomb Explosion in Belfast Disorder

Belfast.—Two persons were killed outright and eight were wounded when a bomb exploded in a tramcar carrying a load of shipyard workers. The city, which has been the scene of several outbreaks of shooting recently, had been comparatively quiet. This new explosion, however, brings the total number of deaths since the disorders began to 22.

THERE'S A LOT OF THIS SORT OF REASONING GOING ON JUST NOW.

Winter Work Will Avoid Delay

Year Would Be Saved On Big Irrigation Project

Calgary.—Representatives will be made immediately to the department of the interior, Ottawa, by the Calgary Board of Trade in support of a resolution presented by the Hanna Board of Trade, urging that survey parties be continued through the winter months in the North Saskatchewan irrigation area, now known as the William Pearce irrigation scheme.

This action was decided upon by the council of the local Board of Trade after having the project outlined to them by William Pearce.

It was represented that should the survey parties continue working throughout the winter months, the necessary data required to estimate the approximate cost of the scheme would be available next spring, which would avoid a possible delay in operations of perhaps a year.

From investigations already made, it would appear to be practically certain that Sullivan Lake can be made an immense reservoir, requiring considerable dyking on the east side to render it so.

Choose Leader For Himalaya Expedition

Brig-General Bruce Will Head Mt. Everest Expedition

London.—Colonel Sir Francis E. Younghusband, president of the Royal Geographical Society, announced that Brig-General Charles Bruce, who is well acquainted with the region, has accepted the leadership for next year of the expedition which will attempt to reach the summit of Mount Everest, in the Himalayas, the highest peak in the world.

Government Ships Will Move Grain

Toronto.—Several ships of the Government Merchant Marine Limited are racing to head of the lakes from the seaboard to help in a great movement of grain. The grain will be rushed to Georgian Bay points, and from there by rail to the seaboard.

Monday, Dec. 12, is the last day upon which insurance will be available on the Great Lakes. Nov. 30 is the final date for the ordinary season's business, but there is a post-season arrangement which covers vessels and cargoes until Dec. 12, but no longer.

Moplahs Killed In Recent Fighting

Much to Be Done Before Rebellion Is Quelled

London.—Although the official report of the operations against the Moplahs in Southern India declares that considerable progress is being made in dealing with the rebellion, it is evident that the process of clearing up still involves severe fighting on the announcement that 233 Moplahs were killed and 54 captured, and on the British side one Gurkha officer and one British soldier were killed in the drive north of the Beypore River. A large concentration of Moplahs under all the best known leaders, is reported as taking place at Bear Embrasseries, and the British authorities think it would probably be most satisfactory, from a military viewpoint, if this force could be induced to give battle.

China's Financial Crisis Averted

Three Months' Pay Received For Police and Soldiers

Peking.—The financial crisis which threatened the stability of the government has been averted temporarily through remittances from the provincial military governments, totalling 7,000,000 taels. Such heavy remittances from the provinces are unprecedented.

The provincial funds are sufficient to pay the police and soldiers three months' wages, thereby averting the threatened looting of the capital, but will not provide for the civil administration. High civil officials are supporting the government banks by transferring their personal funds to Peking, and as a result notes are again negotiable.

Puts Responsibility On Alberta Doctors

Have Been Given Choice Regarding Liquor Prescriptions

Calgary.—Physicians and surgeons of Alberta have had it put squarely upon them by J. D. Thompson, provincial health officer, as to just how many liquor prescriptions each one shall write during a month. By giving the doctors the choice of writing anywhere from a minimum of 25 to a maximum of 100 prescriptions a month, the responsibility for prescribing liquor other than for medicinal uses is put squarely on the shoulders of the individual doctor.

Big Profit On Liquor Sales

B.C. Government Net \$541,606 In Three and Half Months

Victoria, B.C.—The British Columbia Government made a net profit of \$541,606 on liquor sales for the first three and one-half months of operation under the Liquor Sales Board from June 15 to September 30, according to a statement filed in the Legislature by Hon. J. W. de la Parris, attorney-general, in accordance with the terms of the Liquor Control Act. This does not include the \$121,000 received from the sale of permits.

Embarrassed By People's Greeting

Princess, Mary and Lord Lascelles Cheered By Crowd

London.—Princess Mary made her first public appearance with Lord Lascelles, her fiancé, since their betrothal, when the two left Buckingham Palace in an open carriage with Queen Mary for a drive through Hyde Park. Although the news that they were to drive out became known only shortly before their departure, quite a large crowd assembled in the vicinity of Buckingham Palace and cheered the Royal party heartily as the carriage drove away.

Crowds quickly gathered along the route and made the drive partake of the nature of a triumphal progress, much to the perceptible embarrassment of Princess Mary and the apparent satisfaction of the Queen and Lord Lascelles.

Wants to Restrict State Parliament

Australian Premier Introduces Bill to Extend Federal Power

London.—A Reuter cable from Melbourne says that Premier Hughes introduced in the House of Lords a federal convention bill designed to amend the constitution of the commonwealth to give greater powers to the Federal Parliament and lessen powers to the state legislatures. The bill provides for the election of 111 members, comprising 18 elected by the Federal Parliament, 18 by the state parliaments and 75 by the adult franchise of the commonwealth. Within a year after the bill is passed, the convention must report on constitutional amendments desirable and within 15 days the necessary legislation will be introduced.

Dog Returns Purse And Holds Thief

Montreal Man Sent Hound to Assist Woman

Montreal.—The sagacity of a Belgian police dog, belonging to Joseph Cote, led to the arrest of Arthur Leblanc, who snatched a purse from Mrs. MacFarland as she was walking home. Hearing the woman's cries, Mr. Cote, who was passing in his auto, accompanied by his dog, sent the animal after the thief, who took refuge behind some bushes. The astute hound first seized the stolen purse and dashed back with it to his master. He then ran back and, cornering Leblanc, held him until the arrival of a police officer.

THE POLITICAL CAMPAIGN

There has been considerable life in political campaign circles during the week and the public are filled up with the news and come as advanced by the various candidates and their representatives.

The big gun of the week was shot on Monday night, when R. R. Bennett took up the cause of H. M. Shaw and the Meighen government before a packed house at the Blairmore opera house. It goes without saying that R. R. Bennett's usual quota of vociferous cheering and applause. Though interrupted intermittently by representatives of labor, Mr. Bennett appeared quite cool and not the slightest alarmed. His replies to questions were well given and his discourse throughout much enjoyed. On the platform were the following: Chairman W. I. Huston; J. E. Gillis (Liberal Candidate); P. M. Christophers, M.P.; John Herron, ex-M.P.; Allan Hamilton, L. H. Putnam and H. M. Shaw, the Meighen government candidate.

Mr. Christophers was first called upon and in an able manner defended the cause of Labor and showed why Labor should be manifestly interested in politics. He placed quite a number of arguments before the minister of justice and questioned some of the enactments under the Meighen administration.

Mr. Gillis was pleased to have the honor of occupying a position on the platform with the honorable minister of justice and felt that the audience were better and to the point, and in closing asked that he might be favored with a similar audience on Monday night next.

Mr. Shaw spoke very briefly. The meeting closed with the singing of the National Anthem.

On Tuesday night a big meeting was held in the Orpheum theatre and was addressed by Mr. H. W. Wilson, president of the United Farmers of Alberta, and Mr. G. G. Goss, a laborer candidate.

Later meetings are being held from the latter part of the week, starting up with a big meeting at the opera house on Sunday night.

PRINTER WAS PEVLED

Charles Harris, in the printer's business, got slightly peevish at a letterhead from a doctor who wanted bids on several thousand letterheads, different sizes, different grades, and different colors, and wanted the printing done in hand and wrote:

"Am in the market for bid on one operation for appendicitis. One, two or five-inch incision—with or without ether, also with or without nurse. If appendicitis is found to be sound, want quotations to include putting same back and cancelling order. If removed successful bidder is expected to hold incision open for about sixty days, as I expect to be in the market for an operation for gall-stones at that time and want to save the extra cost of cutting."—Kansas City Post.

A large number attended the L.O. G.F. and Rebekah whist drive held in the local hall last Thursday night. The prizes were won by the following: Ladies' First, Miss Katie Archer; Ladies' Consolation Miss Harding; Men's First, R. Randall; Men's Consolation, Carl Smith. A very enjoyable evening was spent by all who attended.

S. J. V. A. for Mac, was in town this week.

A sitting of the District Court took place yesterday, presided over by Judge Macdonald. This is an unusual visit of Judge Macdonald as he is taking no duties in the judicial district of Macdonald. He is a member of the legal fraternity. A number of cases were disposed of, most of which were applications for naturalization.

The Okanagan valley is experiencing the most successful year of its history from the point of production. The apple crop of the district is estimated at 2,300,000 boxes, double the yield of 1920, and 25 per cent greater over the record yield of 1919. Pears also show an enormous increase, this year's crop being estimated at 1,000,000 boxes above that of 1920. Stone fruits will yield under 1920 but small fruits are expected to be in excess of last year.

An idiosyncratic newspaper which we have just received gives an instance of something like the same thing that is happening here now.

At a meeting of Laidlaw's Farmers' Union yesterday the case was mentioned of a farmer who sent 200 bags of cabbage to Convent-Garbo, each containing 35. They were sold for \$15 0-6-4. Railway charges were \$9 10-9-4, postage \$1 13-4-4, and commission \$3 16—total of \$15. The producer received three 2d stamps for 7500 cabbages. So that it looks as if Canada is not the only place where the producer is getting the worst of it.

Premier of Canada

What Premier Meighen Stands For

"I stand for unity in Canada, for solidarity of conditions and freedom of enterprise within our own borders. The lesson for Canada and the free peoples of the British Empire is to avoid the pitfalls of all the nations which have preceded it and sunk in oblivion, and of those as well that are writhing in chaos and suffering. I shall strive with all my power for national unity, embracing all races, languages and creeds. I shall fight with all my energy for national solidarity, for moderation of thought and action, for orderly progress, for maintenance of law and order, and for policies which have brought us where we stand."

"My aim and object will be to hold the balance fairly and firmly among all classes, and to see, as far as that is possible, that the maximum of profitable labor may be given to all our people, and that they may be encouraged in the idea which I consider the foundation stone of national success, that intelligent effort shall always be suitably rewarded, that the men and women of this country may raise in stature and improve their minds and their material condition according to the measure of their endeavors. These I conceive to be the highest aims of statesmanship."

H.M. Shaw

Candidate Supporting
Right Hon. Arthur Meighen
Canada Needs Meighen

Why Labor Should Vote for Hugh Shaw

EVERY member of a Labor Union must be a believer in a protective Tariff from the very fact of his membership in a Labor Union. A Protective Tariff is enacted to protect Canadian labor and Canadian manufacturers against unfair and unequal competition from abroad.

Labor Unions even go further than this because they aim to protect against possible unfair competition by workmen of their own country, in fact against workmen living in the same city, possibly, in the same street.

Canadian industry requires protection against foreign competition but will take its chances against home competitors. Theorists, like Mr. Cramer, often make the academic charge that a Protective Tariff is immoral and selfish and solely for the benefit of the manufacturer, and is not reflected in the wage-earner's pay envelope. We have heard such men say that if some other country can produce goods cheaper than we can, then it is an imposition on those engaged in that particular industry in this country not to be permitted to buy the foreign goods. What those engaged in the home industry will do when driven out by foreign competition is a subject carefully ignored by these academic critics.

Industries to which protective Tariffs apply have some measure of protection against foreign competition, but Labor Unions have protection against both foreign and home competition, and, consequently, Labor Unionists should be the strongest supporters of the principle of a Protective Tariff for Canadian industries.

Cowley Happenings

Mrs. Fred Crayford, of Blairmore, spent the week end with friends in town.

Miss Comfort, of Blairmore, was the guest of Mrs. Edwards for the week end.

Les Werley, we regret to say, has been forced to undergo an operation for peritonitis. He is in a Leithbridge hospital and is reported getting on favorably.

The Women's Institute held their regular monthly meeting on Saturday last. Owing to the inclement weather, the crowd was small.

The Bellevue orchestra gave a dance in the town hall on Friday night. There was a large attendance, in spite of the bad weather and poor roads.

A meeting in support of the government candidate was held Monday night, the 28th, addressed by Dr. Spankie, of Calgary, and Dr. Kwan, of Nanton. Dr. Spankie delivered an able speech. Mr. Deansmore represented the Liberal interests with criticism of the administration.

CROWS' NEST JUNIOR HOCKEY LEAGUE MEET

A meeting of the Crows' Nest Junior Hockey League was held in the Mission Hall last Friday night with the following representatives present: Pincher Creek, W. McLean, G. Duthie; Bellevue, A. Bond, J. Alsopp, T. Alsopp, B. Fisher, Coleman, J. Milly, J. Brennan, J. R. Brennan, G. S. Greenhalgh; Blairmore, G. Maniquet, A. McLeod, Jr., W. J. Randall. The 1921-22 schedule was drawn up and travelling managers appointed for each team. The travelling managers are Pincher Creek Mayor Bossenberry; Bellevue, James Cousens; Coleman, Rev. Father McCormick and Blairmore, Rev. W. T. Young.

The schedule is as follows:

Wednesday, December 14—Bellevue at Coleman.

Saturday, December 17—Pincher Creek at Blairmore.

Wednesday, December 28—Blairmore at Coleman.

Saturday, December 31—Bellevue at Pincher Creek.

Wednesday, January 4—Coleman at Blairmore.

Saturday, January 7—Pincher Creek at Bellevue.

Wednesday, January 11—Coleman at Bellevue.

Wednesday, January 11—Blairmore at Pincher Creek.

Wednesday, January 18—Bellevue at Blairmore.

Interest in junior hockey is keener than ever this year and it seems that the league are apt to win. The boys promise some good clean, fast games and will appreciate all support possible.

Christmas is nearly at hand again. With it comes the rush and scurry which comes with every Christmas. It is a hard time on business people, clerks and everybody. You can make it a little easier by doing your shopping now. And when you go shopping know what you want and where to get it. Make out your list right away and go get it filled. To find out where to get it filled is the easiest part of the job—READ THE ADS. All advertisers will back their goods to the fullest extent and you are then assured that you are getting good goods for your money. And last, but not least by any means, is buy at home.

W. Moon was down from Michel the early part of the week. Brother Moon has been on the sick list for a long period and doesn't have to tell us that he is mourning the loss of a well-built up corporation. He now resembles either a new moon or a moon on the wane.

Hillcrest Happenings

(By one own dear Felix)

Mrs. Tony Casagrande has left the hospital and is recuperating nicely after her recent operation.

A large number from here journeyed to Blairmore to hear A. J. Bennett speak on Monday night.

Hillcrest enjoys the distinction of having a big motor garage, but no gasoline. Evidently the owner is practicing prohibition.

In taking a stroll around the village, one wonders whether or not it would be cheaper to move the barns from around some of the barns we have or remove the barns from the manure.

Mr. Cruickshanks has opened up his hardware department, at 67 Mr. Clarke, the well known base-baller, in charge. The new post-office, attached to the same building, will be opened in a few days.

Look out for the terms of the ensuing competition in our next issue. Only Hillcrest residents will be qualified. The subject is "How many soft drink emporiums are there in Hillcrest—just soft drinks, that's all!"

The new school will be completed this week end and will be formally opened on Saturday afternoon. The new building is really a work of art and no better general supply equipped will be found in this province.

No doubt by the time this issue of the Enterprise is out the new picture theatre here will have opened. We believe it is the intention of Mr. Cole, the proprietor, to run matinees for the benefit of the children, which will be a decided advantage.

Mr. Mac Donald, superintendent of minor rescue and first aid, paid a visit to Hillcrest on Friday, the 25th, for the purpose of attending the meeting called to form first aid classes. A big meeting was held in the Union hall, at which over fifty attended. The following committee and officers were chosen: Rev. R. Newman, president; H. Foster, secretary; Mr. Ham-brook, Mr. Stevenson and Mr. Howcroft. All the Tuxis boys and Trail Rangers were present and it is their intention to take in Dr. McDonald's lecture. The school board has very generously placed a room in the new school at the disposal of the class, so a successful season is expected.

Something Wrong With Liquor Laws

Conditions Worse Than In Wet Days

That when a law is broken by 50 per cent. of the respectable citizens of a province something is wrong with it was the opinion expressed at the opening session of the 17th annual convention of the Union of Alberta Municipalities by the president, Commissioner M. Freeman, of Leithbridge, when depicting the present liquor conditions in the province of Alberta.

President Freeman prefaced his scolding of the liquor situation with the statement that he knew he was treading on dangerous ground, but the situation demanded plain, out-spoken and honest discussion on the part of those who take the welfare of the province to heart. He said:—"We are under worse conditions now than when liquor could be secured anywhere, for when our young men go to the places where liquor is being sold, they not only get liquor but eventually do as well. As you know, we are a non-political body; but I think it is up to us to consider the question, not narrowly, but broadly, and make some attempt to help the government arrive at some effective method of handling the liquor question."

The three or four million dollars in revenue that should accrue to the Government from liquor was being absorbed by bootleggers and by the sale of prescriptions, and he was doubtful if the Government could enforce the law while it was in its present form. Whether liquor was to be wiped out altogether or reasonably controlled did not matter, but he wanted the delegates to give their candid opinions on the subject.

P. M. Christophers held meetings at Pincher Creek and Cowley during the week.

The total lumber exports from the province of British Columbia this year has been 106,604,256 board feet. Of this total the Oriental market, consisting of China and Japan alone, has taken approximately 65,000,000 feet of lumber and logs. There is on order at the present time, in British Columbia about 35,000,000 feet of lumber and ties for Japanese and Chinese ports for November and December ship ments, which, if taken at the foregoing average will mean another \$1,200,000 from the Orient this year, or \$3,700,000 for the whole of the year.

CARE IN ADDRESSING XMAS PARCELS AND LETTERS

Whenever delay or misdelivery of a letter occurs, the sender of the address is prone to adversely criticize the post office. Frequently, however, the delay or misdelivery is due to carelessness of the public in failing to properly address the mail matter in question.

During three days this month, 128,500 pieces of incorrectly and insufficiently addressed mail matter were handled at 15 of the larger post offices. This is a daily average of 42,800 for the 55 offices, or at the rate of 16,000,000 for a year of 365 days. Think of the number of postal clerks engaged in handling this misdirected mail who could, if the general public were more careful, be used to give better service in other lines.

Much trouble is due to careless writing, such as the use of a pencil in writing the address, failure to give the proper street address or keeping mailing lists up to date.

Items of Local and General Interest

With Christmas season at hand, bringing immense quantities of mail to be dealt with, it will be necessary that the public adopt more careful methods in the preparation of its mail matter. If not, the daily average of misdirected mail will amount to an overwhelming figure.

In this connection the following points to be observed are pointed out: Prepay postage fully; Address plainly and fully; Place name and address of sender on all mail matter;

Carefully wrap and pack articles sent by parcel post, but do not seal the parcels as sealed parcels are subject to letter rate of postage; Mail Christmas parcels early; Insure valuable parcels.

We understand that most of the visiting political heelsers complain that there is no longer any pleasure in visiting The Pass since the provincial police started their down-right earnest campaign against the bootleggers.

John Herron, also known as "Honest John," was a welcome figure in The Pass on Monday. Local folks entertain no small amount of admiration for Mr. Herron and many express regret that he is not a candidate in the present political fight.

We understand that every community from which a political candidate has sprung is besieged with photographers and cartoon artists. Looks as though the politician, like the ladies of today, must be made to appear much like what he ain't.

A few days ago a little boy of five overheard his mother inform a bunch of lady friends that "daddy long legs (meaning the stork) had paid several visits to Blairmore in the last few days, and followed the conversation by quickly remarking that "I know who Daddy Longlegs is—Mr. Bartlett!"

In 1920 there were 567 logging firms in British Columbia which gave employment to 11,250 persons who received in excess of \$15,000,000 in wages and salaries. Allied to these were 285 saw and shingle mills, employing 12,845 people, who received \$15,000,000 in wages. Still tributary to the forests were 61 planing mills and wood working plants giving employment for 1,902 people and paying them more than \$1,500,000. Six pulp and paper mills employ 2,000 men with an annual payroll of \$3,800,000.

A mass meeting of ladies will be held at the local Vaseon hall on Saturday afternoon, to be addressed by Mrs. Ferris, B. A., of Edmonton. All ladies are invited. Mrs. Ferris is a forcible speaker and well versed on political and other subjects. The meeting will be called to order at 8 p. m.

Mr. Gills, Liberal candidate, leaves today for Nanton and High River, where he will conduct meetings tonight and tomorrow. Friday he will address a meeting at Pincher Creek, and Saturday at the Eagles' hall at Coleman, which meeting will also be addressed by J. W. McDonald, K. C., of Macleod. On Monday night the strongest gun in the campaign will be fired at the local arena house at 8 p. m. by Messrs. Gills and McDonald.

McLAREN ESTATE BEFORE COURT

(From the Toronto Telegram)
AT STAKE—Distribution of the estate of the late Hon. Peter McLaren, of Perth, worth millions of dollars.

INTERESTED—Mrs. Sophia McLaren, widow, an executor; James Lyon Playfair McLaren, son, an executor; W. L. McLaren, son, an executor; Mrs. Mary Isobel Benedict, daughter; Mrs. Margaret E. Hall, daughter; Miss Kathleen McLaren, daughter; George Ritchie, barrister, executor.

APPLICATION — By Mrs. Benedict for an order taking the estate out of the hands of the executors and for administration by the courts.

INVOLVED—Sale of 33-mile area of mining and timber lands in Virginia, containing 87,000 acres, bought for a song thirty years ago and now said to be worth up to \$20,000,000.

Two years after the death of the late Senator Peter McLaren, Perth, Ont., who, it has been said, left an estate valued at anywhere from 15 to 20 millions of dollars, the executors find themselves drawn into court by Mary Isobel Benedict, a daughter, one of the legates to the millions.

Mrs. Benedict asks that the court immediately take charge of the affairs of her late father and administer the estate which so far has been entrusted to the executors, her mother, Mrs. Peter McLaren, of Perth, James L. P. McLaren, her brother, and George Ritchie, K.C., barrister, of Toronto, friend and confidant of the late Senator lumberman.

James Lyon Playfair McLaren, acting for his mother and the other executors, takes the position that Mrs. Benedict has no claim to place the present executors aside, that the estate had been administered in the best possible way and that Mrs. Benedict and her sister, Mrs. Hall, of Perth, have had ample monies from the returns of the estate so far secured after capable management.

Further J. P. L. McLaren alleges that a certain member of the family has received both in the lifetime of the late Senator McLaren and since his death great privileges and protection from the executors and himself and urges the court to consider just how successfully the executors have carried out the wishes of the late millionaire as set forth in the terms of his will.

It will be remembered that the late Senator McLaren, who died in 1919, left among his numerous properties a huge survey of mineral lands—some 87,000 acres in all—situated in the State of Virginia and said to be worth from 10 to 40 millions. Since the testator's death, the executors have, it is understood, received several tempting offers for this immense property, one said to have come from the Dupont Corporation, \$20,000,000. Negotiations here, however, seem to have fallen down and the property still remains in the hands of the executors, while the other properties in Canada have been pretty well cleaned up and cash divided, as outlined in the will among the brothers and sisters.

It now develops that the action on the part of the McLaren sisters to take the management out of the hands of the brothers—the executors—arises out of delay in the sale of the largest asset in the estate, viz., the Douthat Survey, the Virginia property.

In the application before Master in Chambers J. A. C. Cameron at Osgoode Hall, A. D. Armour, acting for Mrs. Benedict, asked for an order for the administration of the estate by court. E. M. Oeler, K.C., appeared for Mrs. Hall; F. W. Harecut, K.C., for Miss Kathleen McLaren and her mother; J. B. Clarke appeared for the executors.

An affidavit by Mrs. Hall stated that among the unrealized assets of the estate was Victoria Hall, Perth,

a roomy old residence occupying a whole block. It had been unoccupied for twenty-four years, and the last payment upon it had been made since the testator's death. From statements which had been made to her she had understood that her mother had elected to take her dower in the estate instead of an income on a \$100,000 fund to which she was entitled under the will.

I am affidavit by Mrs. Benedict it was stated that according to an order of Judge Scott on the passing of the accounts of March, 1920, the total amount of the estate which had come into the hands of the executors was \$1,097,141.02, of which the executors had properly paid out \$263,361.26. The executors had received from the sales of portions of the personal estate, and from revenue and sales receipts, the sum of \$274,495.90. The sum of \$8,000 had been allowed the executors for their service, and a further \$1,000 to George Ritchie for professional services. The only realized upon capital since March, 1920, had been \$600 on the sale of property in Carleton Place, and \$66,743.59 on the sale of a mortgage upon the Athol Apartments. Under the will the executors were to set aside \$100,000, the income of which was to go to Mrs. McLaren during her life, and after her death to her daughters. The sum of \$50,000 was to be set aside for each of the daughters, but she believed none of the sums had been so set aside.

World Happenings Briefly Told

Five persons were killed and 17 wounded in a battle between cavalrymen and a mob of bandits and strikers in the Punta Lara territory of Santa Cruz, according to despatches received by the Minister of the Interior. The troops took 170 prisoners.

Mothers if your little ones are constipated; if their little stomach and bowels are out of order; if they cry a great deal and are cross and peevish, give them a course of the little Tablets—the ideal medicine for little ones. The Tablets are a gentle but thorough laxative and never fail to right the minor disorders of childhood. Write today to Mrs. Noble A. Barry, Equis Secum, N.Y. If your baby was terribly constipated but Baby's Own Tablets soon relieved her and if you now think them a splendid medicine for little ones. The Tablets are sold by medicine dealers or by mail at 25¢ a box, but from the Dr. Williams' Medicine Co., Brockville, Ont.

The Oil of Power.—It is not claimed for Dr. Thomas' Electric Oil that it will relieve every ill, but its uses are so various that it may be looked upon as a general pain killer. It has achieved that greatness for itself and its excellence is known to all who have tested its virtues and learnt by experience.

A cross man goes through life like a sure dog followed by flies.

C-crossed people are like eggs—too full of themselves to hold anything else.

If some people's health is as bad as their dispositions it is a wonder that they are still around annoying people.

Mr. and Mrs. Aleck May are rejoicing over the advent of a son and heir, on Sunday morning last, Allan Robert May.

We are pleased to note that Dr. T. R. Rose, formerly of Coleman, but now of Drumheller municipal hospital, has been awarded the degree of F. R. C. S. by the Royal College of Surgeons of Philadelphia.

Serget. Nicholson raided the premises of an old offender on Tuesday night, taking therefrom a washbowl with its rud contents and some other materials supposed to serve as evidence towards conviction.

Rev. Mr. Stevens, of Winnipeg, addressed a meeting at the Union church on Sunday morning in the interests of the British and Foreign Bible Society. A local collection was taken, amounting to in the neighborhood of \$80.00.

Going to jail on evidence submitted by a stool-pigeon should either send a Canadian away from his country or to suicide. It's a black mark on our so-called civilization when we have to use the evidence of the lowest-down people in the land to send a better class to jail.

We understand that an effort is being made for a joint meeting of candidates or representatives of the four sides of the political campaign in this riding, to be held in Blairmore on Monday evening next, in which event in all likelihood Mr. Putnam will represent the government candidate, Mr. Christophers the labor candidate and Mr. Gillis the Liberal platform.

A local poultryman has been experimenting by mixing a little sawdust with the meal he fed to his chickens. The chickens did well on the mixture, so he finally fed them altogether on sawdust. After a while he set one of them on thirteen eggs and waited for the result. In due course the eggs were hatched and 12 of the chickens had wooden legs, and the other was a woodpecker. (Please pass the mustard.)

Miss K. ... returned from a visit to ... early ... of the week.

A novelty in the shape of a child's saving bank has just been issued by the local branch of the home bank.

Mr. Brooks, of the provincial department of dependent and delinquent children, is in town today from Edmonton.

Dr. J. J. A. Lathrop, of Calgary, spent a few days in Blairmore while enroute on a holiday trip to the coast.

The 1921 census gives the population of the province of Alberta a boost of 55.34 per cent. over the census of 1911. To lay our population is given as 374,663, as compared with 207,332.

Look over this for an active 12 days: Nominations for provincial by-election, December 2; nomination for municipal election, December 5; federal election, December 5; provincial by-election, December 9; municipal election, December 14.

If the Alberta Liquor Act was amended so that second offence would be punishable by a heavy money fine instead of imprisonment, the government would be in a position to employ and treat more stool-pigeons. No doubt, there are lots of ex-criminals and would-be criminals in this province of ours, who are absolutely no good for anything else, who would gladly accept positions.

Why is it that the police, apparently aware that a car of beer is being shipped in or is spotted on the "main" street, attempt to grab that beer until it is stored in the cellars of parties who are assured by the dealer that it is within-the-law stuff? Is it that the police or other authorities are linked up with the wholesaler or is it that by allowing its distribution they are assured of many penalties and many more possible criminals instead of only one? If the latter, then it cannot be said of the act that it is framed more in the interest of temperance than in bleeding the pockets of our citizens.

The dairymaid milked the pensive goat And, panting, paused to mutter: "I wish, you brute, you'd turn to milk." And the animal turned to butt her. An old man stood on the corner And he belonged to the "force"; His whiskers were long and shaggy And the wind took its usual course.
